

# ***Goals and Objectives: Five Year Strategy***

## ***Year1:***

- Educate the local community regarding the new PA Weed and Seed strategy.
- Encourage target area residents to serve on the AID Team.

### ***Law Enforcement***

- Create a media campaign highlighting local efforts to increase public safety
- Keep law enforcement visible in the target area
- Support and implement crime suppression activities in the target community

### ***Community Policing***

- Introduce the Community and Police Liaison to the targeted community
- Educate residents on crime prevention and community safety
- Hosts events that encourage youth participation and restore community confidence
- Encourage residents toward establishment of block watches or other safety neighborhood clubs.

### ***Prevention, Intervention & Treatment***

- Work with schools and faith –based organizations on ways to partner to increase commitment to revitalization efforts.
- Implement funded programs and monitor for fidelity/validity.
- Research funding opportunities to assist local initiative with sustaining programs
- Encourage and support the establishment of Safe Haven in target area

### ***Neighborhood Restoration***

- Schedule and plan community events to occur throughout year that support revitalization efforts; determine those that can be duplicated annually and supported with local resources
- Proceed with AID and committee work to keep plan updated
- Hold annual meeting and community meetings to keep community abreast of progress/changes in targeted area

## ***Years 2-5***

### ***Law Enforcement***

- Keep law enforcement visible in the target area
- Continue crime suppression activities

### ***Community Policing***
